

Locations for COVID-19 Testing if You Think You've Been Exposed and Are Experiencing Symptoms

Gwinnett, Newton & Rockdale County Health Departments will open a large drive-through COVID-19 testing site at the **Georgia International Horse Park in Conyers**.

- Due to increased testing capacity, up to 300 appointments are now being scheduled for anyone who thinks they may be ill with COVID-19.
- While the Health Department requires a scheduled appointment to test individuals, referral from a doctor is not necessary.
- To ensure enough test kits are available, the Health Department will only test individuals that have a scheduled appointment. Interested individuals should call 770-513-5631 to find out if they're eligible and to schedule a time for their appointment. Transportation to and from the testing site is required.
